WELCOME
SHANNON

Shannon joins us as Project Coordinator and will be working with the Video and Creative teams. She brings strong integrated production skills, spanning Video, Design, TV, Digital, AI and CGI.

Shannon attended the University of Lancashire where she studied Film and Media Studies.

In her spare time, Shannon enjoys a good Netflix binge, reading crime/thriller books and eating food.

She also comes as a package deal with two cats who are guaranteed to make random guest appearances on Teams calls.

Today is Shannon's first day, so please give her the traditional warm Square in the Air welcome.
